## “The Countdown”

St. Michael's College  
Colchester, VT

Lost in thought and lost in time  
while the seeds of life and the seeds of change are planted...  
I knew the moment had arrived  
for killing the past and coming back to life...  
I knew the waiting had begun  
and I headed straight -- into the shining sun.  
~ Pink Floyd

# THE 1999 HILLTOP IS DEDICATED TO: MICHAEL OHLER

"Mike is easy-going, thoughtful, dedicated, sensitive, and sometimes just plain nuts! He has a special gift of making everyone feel like a priority and a remarkable way of offering consistent support. I feel fortunate to have had the opportunity to know him as a co-worker, but more so as a good friend! I can tell him anything and feel safe that his reaction will be completely non-judgemental. Mike Ohler is a role model for how to get the most out of life. We would all benefit by being just a little more like him."

~ Heidi A. Ludwig, R.D.

"Mike Ohler affirms the good in humanity and lifts those he meets to a fuller self-potential. He sincerely understands students and is willing to help, while enjoying life and adding fun to each day. Thank you, Mike, and Congratulations!"

~ Jane D. Hingston, Class of 2001

"Michael Ohler... How can I possibly sum up such an incredible person?! I have gotten to know Mike in a number of different areas-- from LEAP, to Emerging Leaders, to Residence Life. I also had the pleasure of having him as my RD in the Days Inn. He would do anything for us-- and he makes the best English muffin pizzas! He is one of the kindest, most caring people I have ever met. He cares about his students-- their successes and their problems; he is a friend to them and treats them as equals. He is always there for a smile, an encouraging word, or just a hello when you need it most. Even when I was abroad for a semester, a simple friendly message from Michael always put a smile on my face. More importantly than a mentor and a role model to me, Mike is a great friend."

~ Elizabeth E. Lee, Class of 2000

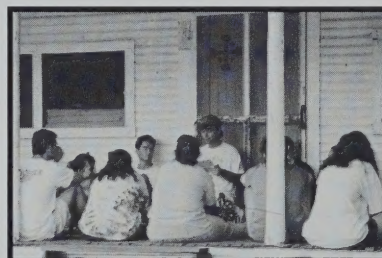

Each year, the senior class votes on an individual to whom the yearbook should be dedicated. This person is someone who embodies admirable traits and who has contributed positively to the St. Michael's community-- especially to the graduating class. This year, the seniors chose Michael Ohler as this 'special someone.'

Mike began working at St. Michael's College in the fall of 1995, just as the Class of 1999 first arrived. He is the Assistant Director of Residence Life; acting RD of Founders, Salmon, St. Joe's, and the Peripheral House Area; Coordinator of Emerging Leaders Program; Sophomore Class Advisor; and Coordinator of Sophomore Development.

We are excited and honored to mark this yearbook in Mike's name. Those seniors who were lucky enough to have been touched by his light will be illuminated by it long after they graduate. Thanks for everything, Mike!

*"We must view our young people not as empty bottles to be filled, but as candles to be lit."*

~ Robert H. Schaffer

Each year, the seniors vote on a 'special someone' to whom the yearbook is dedicated. This person is one who is greatly respected and who has given exceptional amounts of time, energy, and compassion to the SMC community. In the past, it has been dedicated to:

# PRESIDENT'S PAGE:

Dr. Mark vanderHeyden

*"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us. We ask ourselves, 'Who am I to be brilliant, gorgeous, talented, and fabulous?' Actually, who are you not to be? You are a child of God. Your playing small doesn't serve the world. There's nothing enlightening about shrinking so that other people won't feel insecure around you. We are born to manifest the glory of God that is within us. It's not just in some of us: it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."*  
~ Nelson Mandela, 1994  
Inaugural Speech

Dr. Mark vanderHeyden is St. Michael's College's 15th president. Originally from Belgium, he carries with him global awareness a large body of knowledge.

He is continually striving to work in accordance with the proposed mission statement and strategic vision for SMC 2004. Through his

collaborative efforts, our college's reputation is steadily growing in the national and even global realm. This is especially true in Japan, where vanderHeyden travelled this year to meet with other university scholars.

What is so striking about Dr. vanderHeyden is his personal concern for SMC

and his active participation in student activities. Whether it is a ceremony for study abroad returnees, a senior banquet, or even a meal in Alliot, he'll be there talking with the students, offering a friendly handshake, and sharing an interested smile. Both Marc and his wife, Dana, deserve a big 'thank you.'

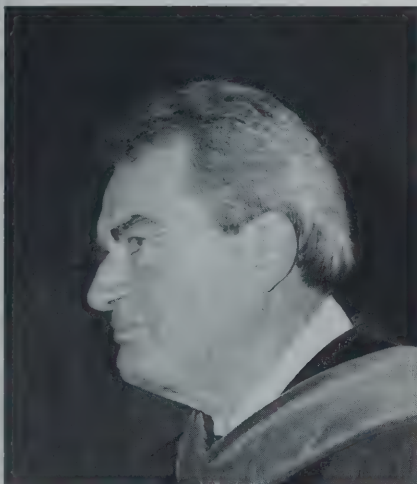

Dr. Marc vanderHeyden is now in his third year as President of SMC.

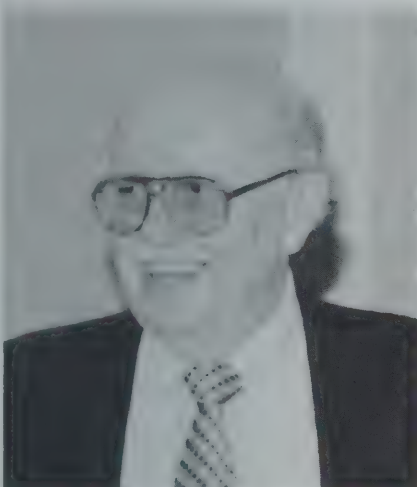

# RETIREES' PAGE

*Thank you for everything!  
Good-bye and good luck.*

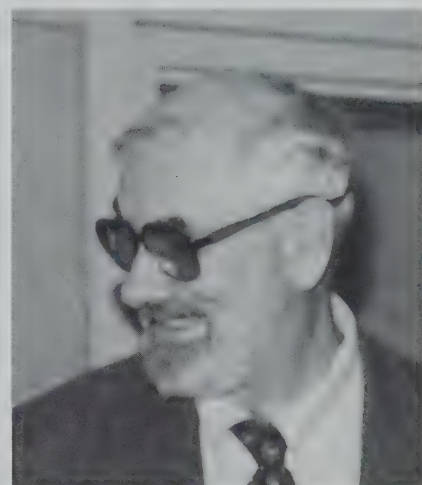

**Dr. Armand Citarella**, professor of classics, was hired in 1948. When he received the highest college scholarship award in 1989, he was credited for "enhancing St. Michael's College in the eyes of the community of scholars." A native of Italy, he has published in both English and Italian.

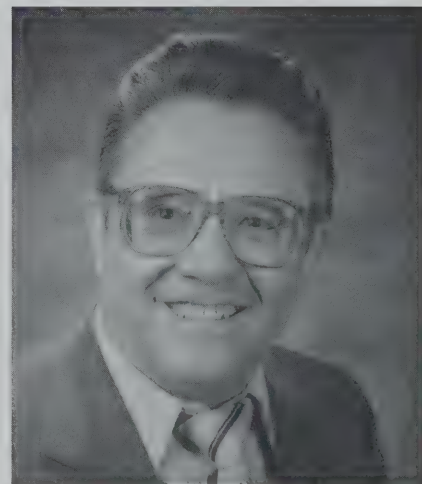

**Dr. George Olgyay**, professor of Political Science, joined the SMC faculty in 1961. Originally from Hungary, he holds expertise in the Hungarian revolution and the role of communism in Eastern Europe. Prof Olgyay is highly praised by his students, and he was one of the final few candidates for the 1999 yearbook dedication.

**Rev. Paul Couture**, professor of Religious Studies, graduated from SMC in 1952, and has taught here since 1958. He was the director of the St. Michael's College graduate theology and pastoral ministry program for 21 years. Father Couture also taught for the summer program at SMC, and he has served on the Board of Trustees and the general council of St. Edmund.

**Dr. Stephan Kellner**, a chemistry professor for 40 years. He one of the first SMC scientists to be awarded a National Science Foundation grant for equipment, and he also received a grant from the American Chemical Society Petroleum Research Fund.

**Mr. Luis Quiroz**, associate professor of Modern Languages, came to SMC in 1968. A native of Bolivia, he has taught Spanish and has been very involved with SMC's international students. He also added a caring and humorous touch to the LEAP retreats, put on by Campus Ministry.

# Women's Soccer

# Field Hockey

# Cross Country

The Men's Cross Country team in 1999 could best be characterized as a transition year. Led by Seniors Tony Carbrello, Jeff Coburn and Steve Doherty, with Junior Sean Rooney, the Purple Knights looked to achieve individual successes while helping to build a solid foundation for the future.

Former coach Zaf Bludevich (who remained at SMC as the Head Trainer and Assistant Athletic Director) and new coach Amy Ritzman helped build the future with seven first year students. More came after the season started and at one point, the team had 18 runners!

The leading member of the class of 2002 was Andy Sheridan, consistently finishing in the top 3 for SMC. The first-years added to the team both on and off the course: Brian Gatti, Mike Verseckes, Jeff Howley, David Soules, Matt Hannon, and R. Padraic Springuel. Ben Shersten ('02) transferred from WPI, where he ran during the fall of 1997. Paul Frail ('01) ran Cross Country for the first time in his athletic career, joined by hometown friend Ben Parke ('01).

Perhaps the biggest accomplishment by the men's team was overcoming a sixth-place preseason ranking in the NE-10, finishing fifth at the NE-10 Championship at LeMoyne.

Captains Carbrello and Doherty wished to leave the team with a new tradition, which was accomplished both on and off the course. Coach Ritzman should be successful in the future here at St. Mike's. A sturdy foundation takes time to build. The outgoing seniors know that she already has a good start with a good program.

The spirit and enthusiasm never failed to thrive throughout the women's cross country team season. With a strong core of veteran runners including: co-captains Caitlin Chaffee and Meghan Noonan and senior Beth Murphy; juniors- Marta Hallgren and Mandy Pietrowski; sophomores- Christine Sweet, Christine Murray and Colleen Gallagher. The women's cross country team also gained a great deal of depth with the new additions to the team: sophomore Lauren Fyrer and first years- Sarah Coombs, Melissa Welch, Jessica D'Amato, Heather McMorris and Kiersten Lippman.

A second place finish in the Vermont State Meet was well deserved as the women tore up their Catamount Race Course on October 2. The women worked hard and strongly finished fourth place in the Northeast Conference Meet at LeMoyne College in New York on October 31.

A special thanks to all the hard work, support and dedication that each and every member of the team brought to every practice and meet.

All it takes is all you got!!!

I run because it's symbolic to life. You have to drive yourself to overcome obstacles. You might feel that you can't but then you find your inner strength and realize that you're capable of so much more.

# Men's Rugby

# Women's Rugby

# Women's Tennis

If you did not make it out to at least one tennis match this year you really missed out on something big. Led by Coach Stephen LaTulippe, this season the Lady Knights broke several records. The women had a winning season of ten wins and three losses. It was the team unity and cooperation that made this season successful. At the NE-10's Competition the Lady Knights were awarded the F. Paul Bogan Sportsmanship Award and Stephen LaTulippe was named Coach of the year.

Coming into the NE-10's our team placed fourth among the other teams. Junior tri-captain Kelly Spelman and sophomore Mandy Puskas continued to demonstrate their amazing talents at first and second singles, achieving records of 10-3. First year Kathryn Harrison had an incredible season, carrying a record of 12-1 at third singles and was awarded MVP of the 1998 tennis season by her teammates. Senior tri-captain Heather Dennehy at sixth singles, demonstrated what it takes to be a great leader on and off the court. Without her positive atmosphere and her string of victories we never would have succeeded.

COUNTDOWN

MEMORY #77: WOMEN'S TENNIS BREAKS RECORDS AND FINISHED SECOND AT THE NE-10S

Our doubles play throughout the season acted as our secret weapon. Spelman and Puskas also displayed their athletic abilities at number one doubles, finishing their in-season play with a record of 12-1. Senior tri-captain Amy Silvia and Harrison made their mark at second doubles through their willingness to fight for each point and their patience on the court, concluding their season with only three losses.

It was during the NE-10's when we really shined as a team. Both Spelman and Puskas made it to the semi-finals in their singles match and Dennehy made it to the quarterfinals. Kristen Culgin won in the finals of the consolation round becoming the fifth singles champ. Dennehy and Culgin, at third doubles, advanced to the semi-finals in the consolation round. Harrison in singles, Silvia and Harrison at doubles, and Spelman and Puskas in doubles all advanced to the finals and were named All-Conference players. Spelman and Puskas became champions in a three-set match against Merrimack. The Lady Knights secured second place in the NE-10's ahead of Bentley and Merrimack, two of the three teams who overcame them within the season.

The Lady Knight's team of ten players will be losing two seniors, Heather Dennehy and Amy Silvia. Heather and I agree that the experience we have acquired from Coach Stephen LaTulippe is invaluable. We would like to congratulate the team on an incredible season. These will be memories that we will not forget. When asked to comment on the season, LaTulippe answered, "I am just glad that we could give this wonderful season to our two senior tri-captains for their dedication, loyalty, and contribution to the program for the past four years. They will be sorely missed." Heather and I wish this young team the very best of luck, knowing they will have many more seasons like this one in the future.

# Volleyball

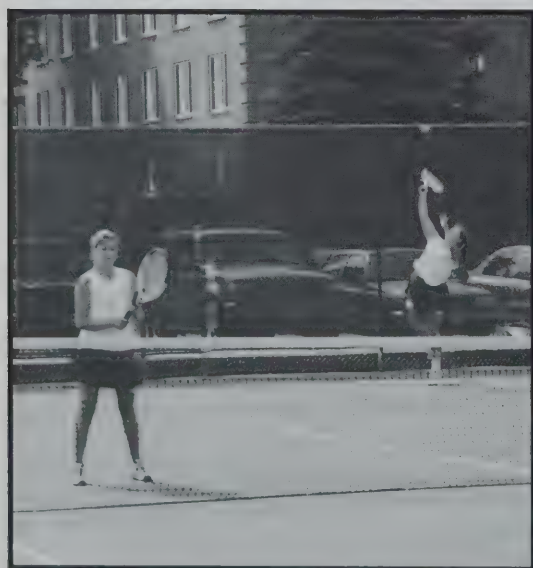

# Golf & Sports Candid's

The golf team had a solid year with its core of players returning. Like last year, this year's team is graduating only one senior, Colin Mulready. Mulready is a four year letter winner and the team's co-captain. The team performed very well thanks in part to great performances by members of the junior class and specifically Graham Walsh. Walsh was the most consistent performer this season and looks to improve on this year's stellar performance next year. Freshman Travis Daly also played an important roll with his sub-80 contributions. The first five in the 99 season should out perform this year's effort.

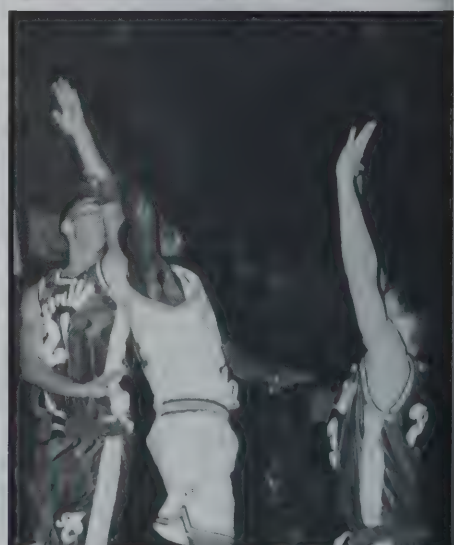

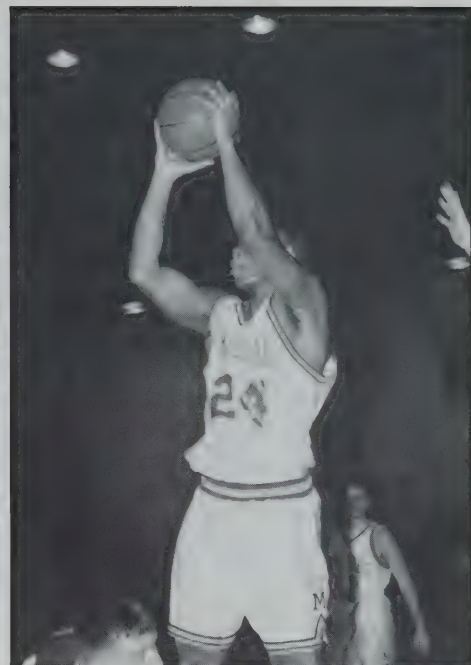

# Men's Basketball

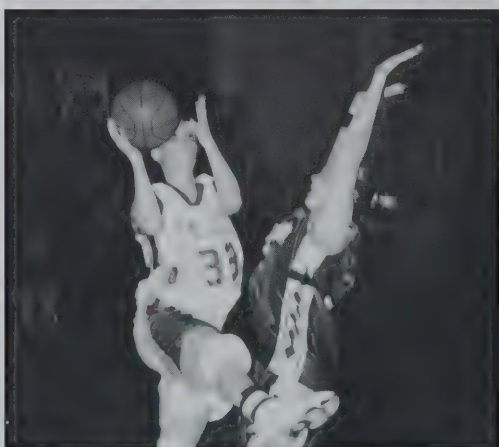

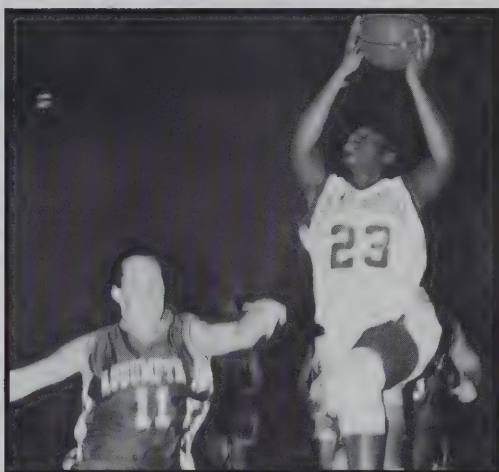

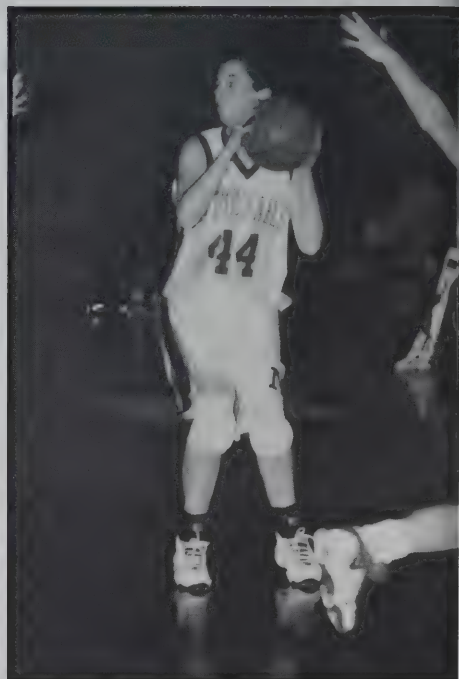

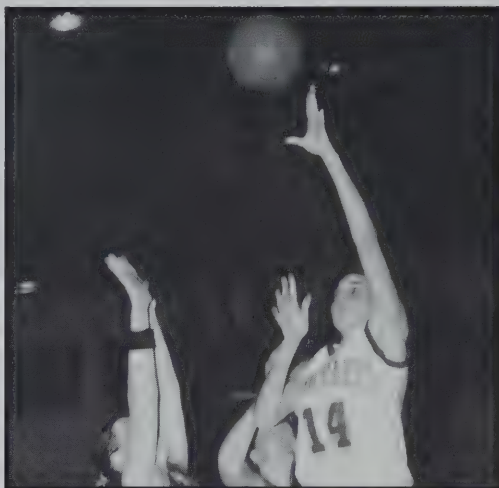

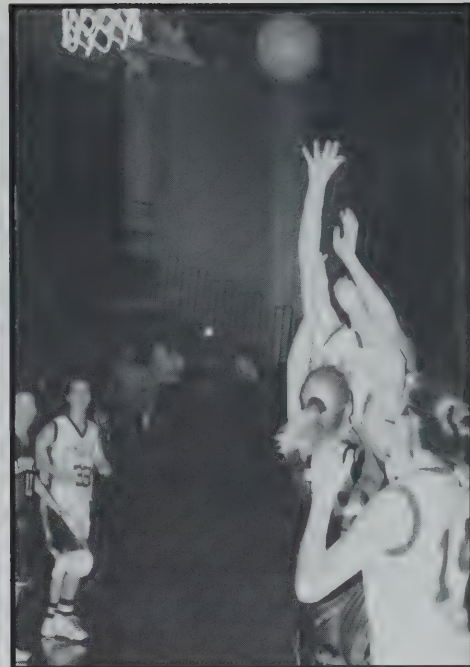

# Women's Basketball

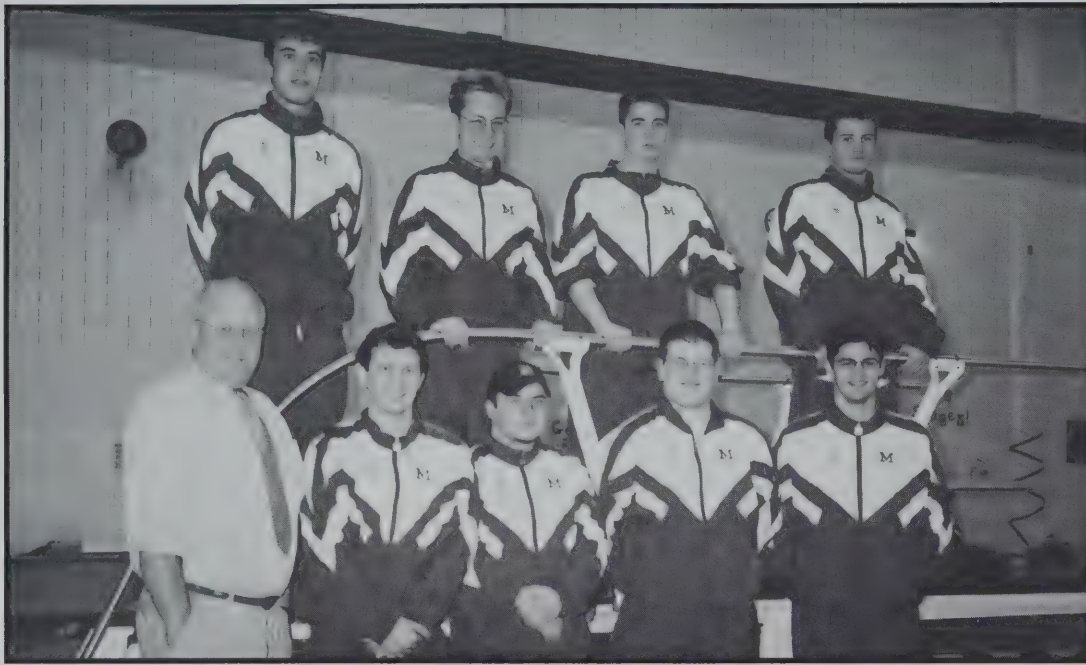

This season was the Silver Anniversary of Women's Basketball at Saint Michael's College. They celebrated 25 years of basketball with ceremonies throughout the year. The 1998-1999 Women's Basketball team made the play-offs for the first time in three years this season. In the pre-season poll the Lady Knights were picked ninth out of ten, behind all teams, but Merrimack. The team was looking to improve on last year's record of 10-16, and felt they had the personnel to do it. The Lady Knights returned all 5 starters including seniors and co-captains Sarah Ferland and Kelly Borch and juniors Tara Clark, Melissa Rowe, and Christine Frauton. For the season, Ferland led the nation in assists per game, while Borch was second in the nation in blocked shots per game. Both Frauton and Clark were in the top 20 in the league in scoring, Clark leading that category for much of the season. Major contributions were also made by seniors Beth Drociak and Becky Adams. When Rowe went down with a torn ACL in her knee 8 games into the season, Drociak was called on to start in the forward position and did an excellent job. Sophomore Nadia DuBose stepped up her game and increased her playing time this season by playing aggressive defense and rebounding well. Newcomers Nicole Chalmers, Emily Morse, Tara Carriero, Erika Enge, and Becky Tomsich also contributed. Tomsich and Morse had the most impact this season, but the future looks bright for the Lady Knights. The Lady Knights took a record of 11-15 into the play-offs. They beat Bryant College on senior night to make the play-offs as the eighth seed, but lost to Bentley in the first round. The season was capped off by honors achieved by Borch, who was named to the 25th Anniversary Team, and Clark, who was named to the all NE-10 second team.

# Swimming and Diving

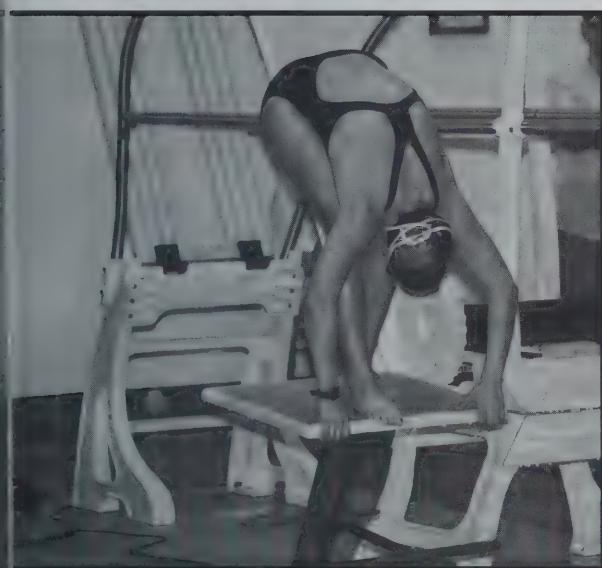

What is there to say about the men's swimming and diving team for the 1998-1999 season? All there is to say is that this was the best swimming and diving team ever to come out of Saint Michael's College. The men's team received an incredible new coach this year, with an amazing background in swimming. Jim Donoghue led the team of men to States at Middlebury where they finished third for the season. The 1998-1999 season also introduced a talent and pride that resides on the team and the seasons to come should only help to improve the dedication and excellence of a winning team. The men's team consisted of 4 crazy new freshman (Erik Brandl, John Donoghue, Joseph O'Leary, Adam Overlock), 3 experienced sophomores (Andrew Millikin, Ben Theriault, Charles Wilson) and a returning senior captain (William Knose) to help lead the team. The men's team would like to thank Jim Donoghue for all the pressure, pain, and push that has made this men's swimming and diving team the way it is today. Also the men's team would like to thank the women's swimming and diving team for all their support, cheering and fun that has made this year a great year for both the men's and women's swimming and diving team.

The 1998-1999 women's swim season was led by senior captains Tracie Grant and Katie Hathaway. The Knights had a new head coach this year, Jim Donoghue, and the team saw many improvements in this building year. The seniors, Tracie Grant, Katie Hathaway, Joy-Michelle Johnson, and Cara Mongelli would like to congratulate and thank their teammates for a great season and wish them luck in the future.

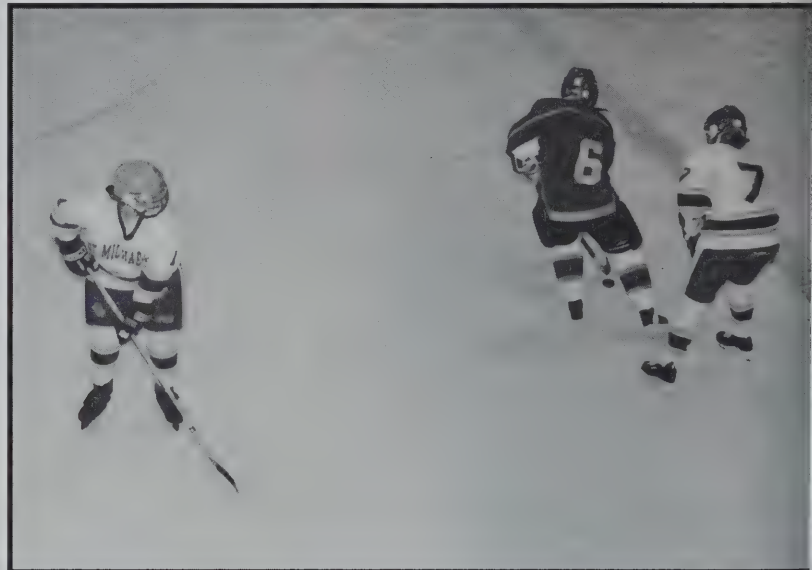

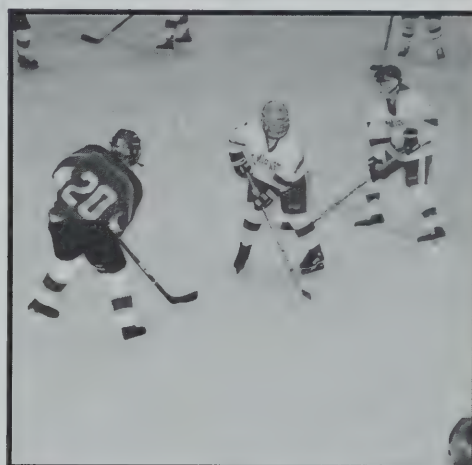

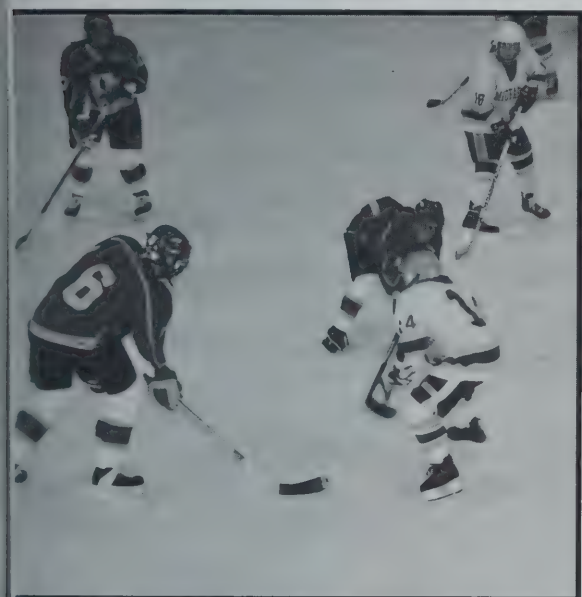

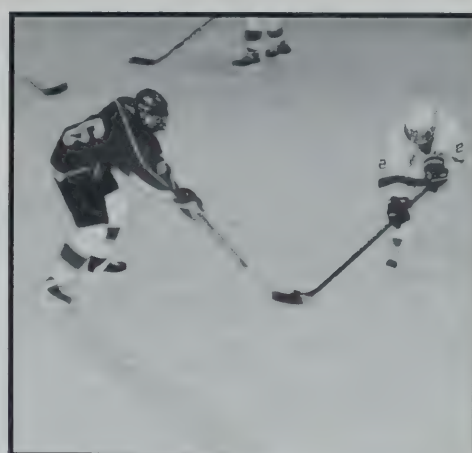

# Women's Ice Hockey

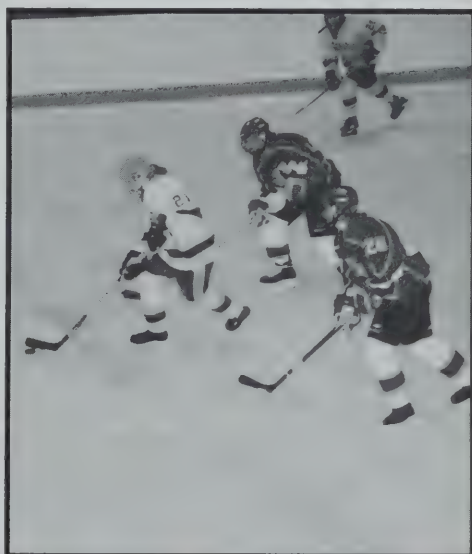

With an outstanding roster of committed women this year, St. Michael's Lady Ice Knights made amazing strides forward. Even with all the resistance the program received, these determined ladies didn't let anything break them down. One of life's greatest pleasure's is doing what others say you cannot do. This season proved it true. Leading the team, captains Sue Creedon and Wendy Shepard, helped develop a strong program pushing ahead for varsity recognition. In its third season, the Lady Ice Knights played a 15 game season, including many weekend road trips.

A good amount of the team's success can be accredited to the captains, as well as the seniors, Jen LaRocque, MaryAnn Waugh, Amy Peters, and Liza Lopez. The passion and enthusiasm for this hockey program comes from Geri Knortz and our incredible coaching staff, Judy Valente, and Chris Donovan.

This season in fact showed that teamwork is the key to success and fun. Best wishes to the team next year and remember: "The Ice Is Slippery!"

# Men's Ice Hockey

The year started by everyone telling us that we were not going to win a game- this was a rebuilding year. Everyone counted us out: the news, newspapers, our peers, and even the school newspaper. This just meant that we had to prove everyone wrong, and I think we did.

Steve Mattson brought in a great core of freshmen talent to replace last year's heroes. This freshman class was led by Jim Walsh, Jeremy Coccaro, Daykin Marini, PJ Ennis and Andy Welgos. Andy Quant emerged late in the season.

With many new players on the team, the leadership of Captain Chris Davidson and Assistant Captains Darren Beers, and Mike MacDonald was that much more important. Leadership also came from seniors John Coyle, Jeff Roukes and Nick Dion. They were an intricate part of the team when it came down to crunch time.

With the mix of the young and the old the team started the season by winning the Potsdam Pepsi Invitational and the next two games before losing their first game. After their first loss, they won

their next three and were about to go on their toughest stretch of the season. This was their lowest point because they were about to lose five straight games. The losing streak started with UMASS-Dartmouth, and then to in state rival Norwich. That was the final game of the semester. The Knights came back to school to prepare for the Codfish Bowl Tournament at UMASS-Boston. Their losing streak continued with UMB and Babson Colleges, and ended with their final loss to West Point. It was now time to get back on the winning path.

The Knight were able to have a good start to the second half of their season by winning seven out of their next eight games. And at this time players and coaches were starting to realize that we might have a shot to play for the National Championship.

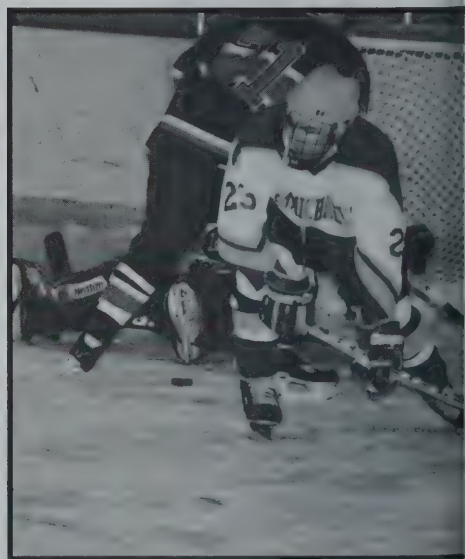

The Knights were coming down the home stretch on their way to the playoffs. St. Mike's went on to face Tufts University in the first round of the playoffs. The Knights won the game on a goal by Jeff Roukes in overtime. Next up was Fitchburg State. The Knights were not successful in trying to get back to the finals, as they were the year before. But their season was not over. They were on to play for the National Championship and against the New Hampshire College Penmen.

It was to be a two game series with a mini game if needed. The first game ended in a 4-4 tie, which meant that whoever won the next game would be crowned National Champs. The Knights came out flying and went out to a two-goal lead and never looked back. They ended up winning the game 8-5. The Ice Knights of Saint Michael's College had become National Champions.

For a team that was not supposed to amount to much they did. The team finished with a record of 16-10-2, finished third in the Northeast, and was crowned Division II NATIONAL CHAMPIONS of 1999. Until now, no sports team in the school's 95-year history had been able to win a national title.

The SMC Humanitarian Network, which includes both Peace and Justice, and Amnesty International, is committed to heightening student awareness of social justice issues which affect us here at Saint Michael's as members of the global community.

This year we have continued traditions set forth in past years. This year we have made a difference in the lives of five children by sponsoring them through the Christian Children's Fund. Continuing another Peace and Justice Tradition, we sponsored the annual Oxfam Fast For a World Harvest on November 19th. Organizing a dining hall fast, we not only raised money to find long term solutions to world hunger, but educated our students by allowing them to give up a meal and come one step closer to truly understanding hunger.

The committed members of Amnesty International and Peace and Justice carry with them the message that the world's problems are not insurmountable as long as people know and care.

The Defender is the student-run newspaper of Saint Michael's. The paper covers the issues, events, people and interests of the campus. This year has also seen the emergence of The Defender Online as a separate news web site, in conjunction with the print newspaper.

Both publication were recognized with major awards in 1999-2000. The Defender was named the best non-daily college newspaper in New England, by the New England Newspaper association. The Defender Online was recognized as a Silver Medal winner in the College Press Network's "Best of the Web" competition. Both publications placed above major newspapers from large, well-known universities.

The newspaper is managed, edited, and written almost exclusively by students. Though editors put a tremendous amount of time and energy into both publications, the newspapers also reflect the work of many members of the Saint Michael's community. The papers are made up of submissions from more than 50 staff writers and the letters and columns from Saint Michael's students, alumni, faculty, and staff.

The Education Club is an outlet designed for those students who are interested in learning more about the role of an educator. It was originally created specifically for students who were taking courses toward their license in Elementary Education or Secondary Education. However, any student showing an interest is welcome.

Each year new members bring new activities to the club. This year there was an event scheduled for every month of the year. These events ranged from panels of school principals instructing us how to apply for a teaching position, to casual gatherings of all Education majors in order to meet one another and gain from peer experience. In the fall there was a very informative student teacher panel which better prepared those who were getting ready to do student teaching in the spring.

The Education Club both motivates and prepares students for each stage of their development towards attaining their role as an Educator.

## Mobilization Of Volunteer Efforts

MOVE is a broad-based community service organization of the Office of the Edmundite Campus Ministry at Saint Michael's College. It strives to instill in each member of the community a sense of service to others. We hope to channel the talents, creativity and energy of the Saint Michael's community into service programs that will enrich both Chittenden County and the global world.

**A.C.E** (Adoring Children Everywhere) Supports activities for children in the local community.

**AFTER SCHOOL GAMES** Volunteers become role models for area children by participating in activities with them at the Burlington Boys' and Girls' Club.

**AOK (ARTISTS OUTREACH TO CHILDREN)** THIS PROGRAM ENTAILS Saint Michael's students going to Saint Francis Xavier School to bring fine arts to grammar school children. Volunteers will conduct lessons in order to heighten awareness of drama, dance, and music.

**BEST BUDDIES** One-on-one relationships are created between students and mentally challenged youth and adults from the area. Students meet weekly with their buddy; monthly group activities are offered on campus.

MOVE stands for Mobilization Of Volunteer Efforts. We're a service organization dedicated to two primary goals:

- 1). Developing awareness of Global needs for service to people in the need, and subsequently creating and implementing programs that meet the needs directly and effectively.
- 2). Forging relationships that bring together volunteers and those in need as equals, thereby eliminating the stereotypes of abstract categories such as "homeless," "illiterate," "youth-at-risk," "refugee".

**CORRECTIONS** This program involves volunteers in activities such as volleyball, basketball, and or tutoring with residents of a local correctional center.

**EXTENDED SERVICE** sends students to sites across North and South America to repair homes, prepare meals, offer friendship to people that are homeless, and provide a nurturing atmosphere for exploited women and children. The hope is to increase awareness of global problems and to inspire local service.

**FEMALE FRIENDS FOREVER** matches female mentors with middle school girls from Winooski.

**HABITAT FOR HUMANITY** Through construction and fundraising efforts, student volunteers work towards eliminating poverty housing from the local community.

**INTERNATIONAL OUTREACH** This service attempts to promote integration among the International and American communities by assisting no-English speakers with basic conversation, working with refugees in Burlington, and introducing volunteer programs.

**LITTLE BROTHER/LITTLE SISTER** establishes one-on-one relationships with children in need of positive role models. Students spend at least 3 hours a week with their Little Brother or Sister. Monthly group activities are also offered on campus.

**O.V.E.** (Outdoor Volunteer Efforts) provides a broad array of outdoor/environmentally related activities.

**ROTORACT** Students work side by side with local business people on community service projects.

**SENIOR CITIZENS** Students share a game of bingo or a cup of coffee with senior citizens. This program strives to establish close, positive relationships with seniors in the area who may otherwise be alone.

**SPECIAL EVENTS** includes opportunities for busy students, since they are mostly activities that occur on an occasional basis throughout the semester and do not require large amounts of volunteer time. These events include Make a Difference Day, blood-drives, and Hunger Clean Up, to name a few.

**SPECIAL OLYMPICS** Volunteers assist with statewide sports tournaments for individuals with disabilities.

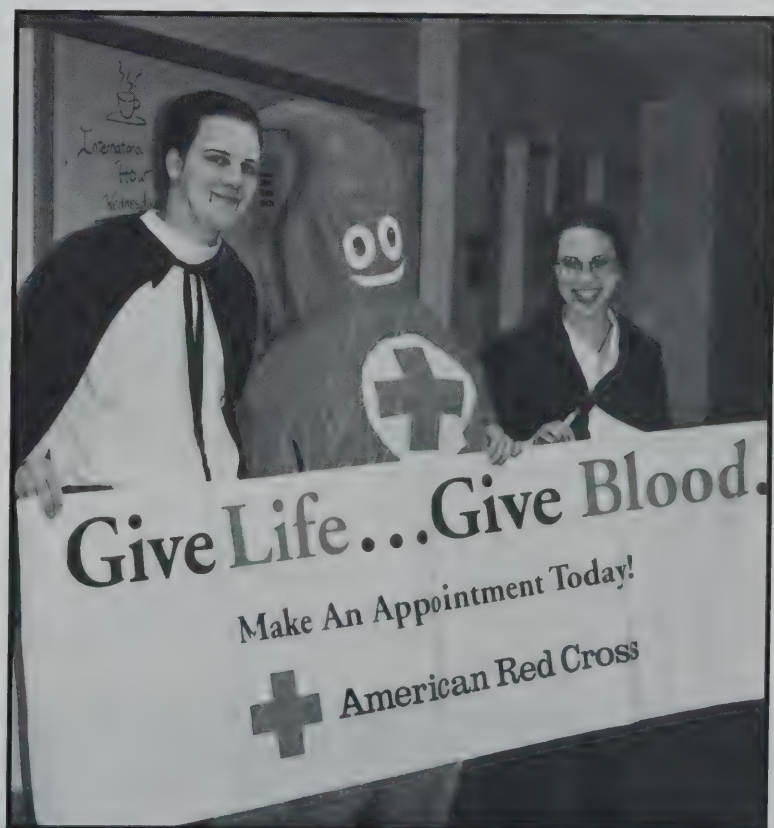

**SWIM PROGRAM** Work with children, youth, and adults with disabilities in a swim program. Teach individuals to swim and/or be more comfortable in the water. The program is offered at the Cross Sports Center.

**TEMPORARY RELIEF** volunteers have the opportunity of preparing dinner with people who were formerly homeless and now reside at St. John's Hall, a transitional housing program. Students also may serve meals at the Salvation Army and may participate in activities during Hunger and Homelessness Week.

**WINOOSKI RECREATION** volunteers work with children and youth from the Elm St. and Franklin St. Housing Developments. Possible activities include bowling trips, visiting the waterfront, and attending Saint Michael's sporting events.

**WOMEN AND FAMILY** participants may choose long-term service on education, fundraising, or hotline committees in such organizations as Women's Rape Crisis Center or Women Helpingattered Women.

**WOODSIDE REHABILITATION AND ROCKPOINT SCHOOL TUTORING** pairs SMC students with students from a juvenile rehabilitation center and alternative, private board school, in an attempt to foster better study skills and positive peer relationships.

Free the Planet is a group of driven, ecologically minded students who strive to make the SMC Campus Community and the world at large a better place. Through weekly meetings we organize ways to increase awareness about issues that are vital to the environment and many that directly affect the well being of students. Some memorable events this academic year include the Walk for the Wild, which raised money for endangered species, and the Hope Depot Day of Action, which increased awareness about the sale of Old Growth rainforest wood. Free the Planet also sponsored many tables in Alliot Lobby to educate and promote involvement. Free the Planet, the environmental group on campus, is sponsored by a national chapter.

Students at SMC have many opportunities to come face to face with "real- world" problems and challenges. The students of the Fire and Rescue Squad regularly face those that are literally a matter of life and death.

At SMC, the Fire and Rescue Squad is an independent volunteer organization of men and women. IN addition to their academic responsibilities, they have taken on the awesome burden of serving the public not only on campus but also throughout a broad area of Vermont's most populous country. With the dedication and support of the Saint Michael's Community, the Fire and Rescue Squad has run for over 30 years.

The Fire and Rescue Squads respond to more than 1800 calls annually involving respiratory and cardiac emergencies, as well as neonatal transports and structure fires. The Fire and Rescue Squads depend on volunteers who are committed to pushing themselves to the limit through ongoing training, leadership development, and emergency response. Each is motivated by a strong sense of community service.

The Political Science Club has been established for the purpose of expanding political awareness within the entire campus community. Through political and civic involvement on campus and in the local communities and beyond, it is our goal to integrate pertinent political issues into the daily activities of those willing to accept the challenge. We are non-partisan, non-profit, service oriented entity which aspires to increase the overall level of political awareness.

## *Political Science Club*

The Science Club is dedicated to expanding students knowledge of the natural sciences. The Science Club is open to all students, science and non-science majors, and meets about once a month with officer meetings once every week or two. The Science Club organizes a number of trips each semester including recent trips to Montreal and to Boston. The Science Club also sponsors guest speakers that come to Saint Michael's College and also hosts the annual Internship Luncheon.

Special Events is in charge of booking many events on campus including the main concert on campus for the year, P-Day (a spring festival held outside the weekend before finals), as well as other similar large events throughout the year. This year Special Events brought us the Welcome Back Bash, a picnic that was held outdoors the first weekend of school, as well as a Swing Dance with a live band and an instructor. This has been a great year for Special Events, as student attendance at these events was very high.

WWPV is the student run campus radio station, located on the second floor of St. Edmund's Hall. Broadcasting at 100 Watts, WWPV is able to be heard in most of the Burlington area. The DJ's are students, faculty, staff members, and members of the community.

WWPV had four purposes. The first is to give its staff and volunteer disc jockeys experience in working in the field of radio. The second is to serve the people within the broadcast range with public service information and be an engine for social service organizations. The third is to provide the Burlington market with different varieties of music, allowing all types of genres to be played. The forth purpose of WWPV is to be an outlet for new music from many genres.

In addition to the above goals, WWPV works closely with the Saint Michael's College Athletic Department to produce live broadcasts of the Men's and Women's Basketball teams, as well as the Men's Hockey Team. Currently, WWPV is working on bringing its signal to the stations website.

R.O.T.C., the Reserve Officer Training Corp., is a four-year program based out of the University of Vermont. It's purpose is to train future officers for the United States Army. Saint Michael's is honored this year to have three 2nd Lieutenants commissioned through this program.

Mike Mailloux will be commissioned as an Engineer, Amy Peters as a Chemical Specialist, and Katie Melanson will be commissioned as a Military Intelligence Specialist. In order to achieve these ranks Mike, Amy, and Katie started taking courses in R.O.T.C. Their freshman year, and have done so ever since. They also have completed a 5 week program at Fort Lewis in Washington where they were tested for officer potential. Throughout their senior year they have all held staff positions in which they planned the training for the younger adets.

Before they are given their stations throughout the world they submit a wish list of all the places they would like to go. Once they have done this they are valuated on their GPA, their camp score, and evaluations that they participated in their junior year.

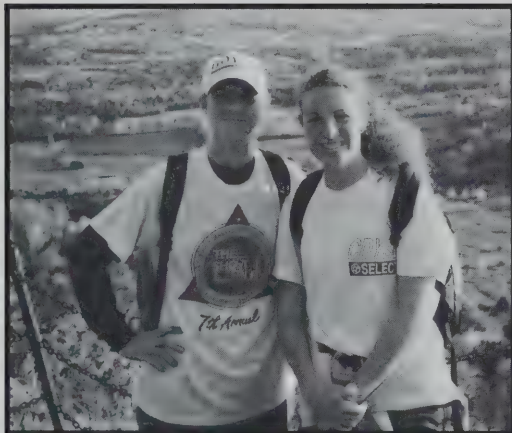

Congratulations Mike, Amy, and Katie!!

AIDS Awareness House

Annual AIDS vigil, lead by Dave Landers  
and AIDS Awareness house, took place  
December 1, 1998.

## SADD

The goal of the SADD house is to raise awareness on campus about the dangers of drunk driving. We feel through educating the student body about drinking and driving we will help students make wise decisions.

## C.U.R.E.

House Mission: To make the St. Michael's College community more ware of cancer, expecially those common among young adults.

C.U.R.E. stands for **C**ancer **U**ncovered by **R**esearch and **E**ducation. Each month we focus on a different cancer that affects young people. We make bulletin boards in Alliot and table drops to get the facts out to the college community.

## SMC

## SMC

The purpose of **Start Making Connections** is to help ease the transition of the new students into the St. Michael's community. Our main objective is to help transfer students and freshmen January admittants adapt to the St. Michael's way of life. We provide activities for the new students in order to welcome them onto our campus and answer any questions or problems they may have with their college experience.

# SEED

## SEED

SEED stands for **S**tudents **E**ducating and **E**nhancing **D**iversity. Our primary goal is to teach the Saint Michael's community about diversity and to make sure every student feels comfortable among other students. Every three weeks we have a Rap session dinner at the house sponsored by the Diversity Coalition. Ten faculty members and ten students are invited and engage in conversations revolving around diversity.

## BIA House

The goals of the **B**ody **I**mage **A**wareness House are to promote discussion about self-esteem, eating disorders and the role media plays. We hope that people on the Saint Michael's campus will begin to talk about eating disorders and low self-esteem, which result from the media's distortion of real women's bodies. Our house is a resource for people and we help to advise them who to turn to.

# Make A Wish

## Make A Wish

In the past year we have been working with the Make A Wish Foundation of Vermont, in an effort to raise money to grant wishes to children with life-threatening diseases. Our mission is to get the Saint Michael's community involved in raising the money to grant these wishes. We would like to continue to bring the community to a heightened awareness of the struggles that many people have to deal with, as well as get more students involved in our cause.

➤ In 1853, chef George Crum creates potato chips in New York after a customer keeps requesting thinner french-fried potatoes. The U.S., with over 700 varieties on the market, consumes the most potato chips worldwide.

➤ Slang of the 1800s includes coot, crazy as a loon, critter, bub and sis, bully for you, and bummer. Popular phrases today are da bomb, cool and phat.

1466

➤ Germans first bake birthday cakes to celebrate children's birthdays in 1200. The candles burn throughout the day to symbolize life. The tradition of birthday cakes continues with popular characters as part of the cake decoration.

➤ The average American's favorite meal in 1954 is a fruit cup, vegetable soup, steak and potatoes, peas, rolls and butter, and pie à la mode. Teens today rank pizza, french fries, pasta, hamburgers/cheeseburgers and chicken nuggets as their top five favorite foods.

1841

➤ In 1892, the Manfield Shoe Company in England first produces quality shoes in standard sizes and large quantities. Sneakers are introduced in the 19th century and cost a few dollars. Name-brand shoes today can cost hundreds of dollars.

➤ In 1120, the first restaurant or "cook shop" opens in Kaifeng, the capital of the Northern Song dynasty. Today, McDonald's has more than 23,500 restaurants in 113 countries. Americans spend 46 percent of their food dollars away from home in 1996 compared to 25 percent in 1955.

➤ In 1850, Levi Strauss invents blue jeans in San Francisco. Originally made with canvas, denim replaces the material in the early 1860s. The average American now owns 7.03 pairs of jeans.

➤ Conquistadors return to Spain in 1527 after finding the natives of New Spain eating algae, agave worms, winged ants, tadpoles, water flies, white worms, and insect larvae. Today, kids enjoy candy in the shape of critters.

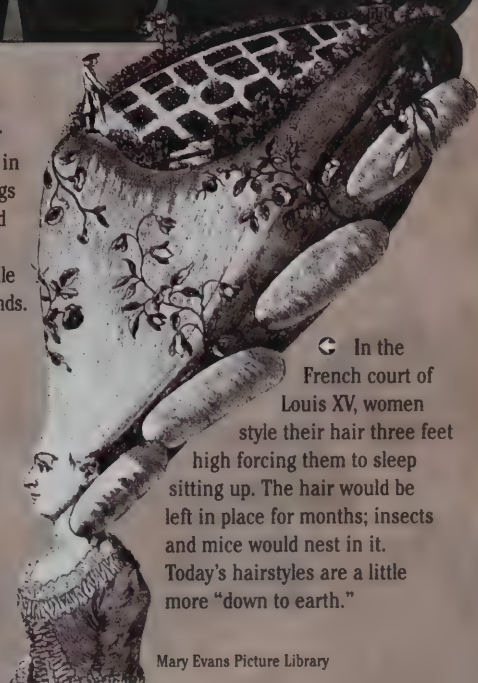

➤ Guglielmo Marconi invents the radio in 1895 using a crude transmitter. Music makes history on TV when the Beatles appear on *The Ed Sullivan Show* in 1964. Music continues to make history on TV when MTV kicks off in 1981. Today, 68 percent of teens watch MTV 5.4 hours a week.

➤ The commode becomes a popular addition to homes in 1700. Recent findings reveal women spend 80 seconds using a public restroom while men spend 45 seconds.

➤ In the French court of Louis XV, women style their hair three feet high forcing them to sleep sitting up. The hair would be left in place for months; insects and mice would nest in it. Today's hairstyles are a little more "down to earth."

Mary Evans Picture Library

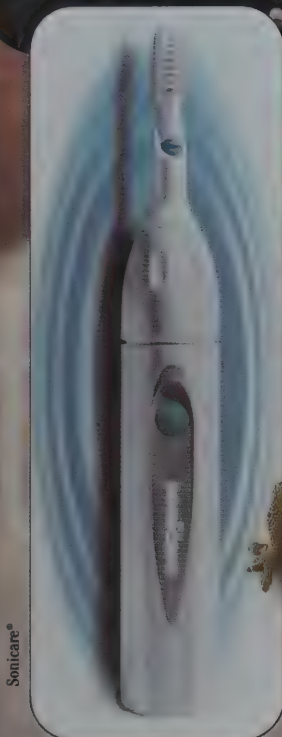

➤ According to legend, on May 8, 1886, Atlanta pharmacist John Perberton produced the syrup for Coca-Cola in a three-legged brass pot in his backyard. Coca-Cola was first bottled in 1899 and is today's best-selling soft drink. Americans drink 127 million 8-ounce servings every day.

"The shared memories brought smiles, laughter;  
a few tears and, at last, a sense of contentment.  
For slowly, from our treasured memories  
a kindred bond began to emerge.

That's how it is with people sometimes  
When you least expect it, a common thread-  
golden, at that-begins to weave together  
the fabric of friendship."

Who would have thought that after 16 years our paths would cross again? It all started in Chelmsford, MA when we were both two years old. We both lived in the same condominium complex, in unit C. However, the Vandembulcke's lived in 3C, while the O'Dea's lived in 2C. We played in the sand and would go to the airport with our mom's to watch the planes take off. By the time we were four years old our families had moved out of the condominiums. The O'Dea's moved to Rhode Island and the Vandembulcke's moved to a house in Chelmsford.

Now, fast forward to July of 1995. We both had applied to many schools, but settled on SMC. The time of the summer arrived for roommate assignments to come in the mail. When Melinda got her roommate assignment in July she noticed her roommate was from Chelmsford, a town to which she had family ties. After showing it to her mom she noticed the girl was her old neighbor, and friend-Jennie!

Since August 28, 1995, the two of us have remained both roommates and close friends. Our story is just one of the many "small world" experiences that occur everyday at Saint Michael's. Who would have thought that after a 16-year gap two childhood friends could, and would, end up being college roommates and friends. Our being placed together as first year roommates helped us to pick up where we left off...

*-Jennie & Melinda*

Congratulations  
&  
Good luck in your next step.  
Very proud of you.  
Love,

Key,

Do you remember Peter Pan?

"I don't want to grow up."

Well you have and with flying colors!!

You have always made us so proud and  
you continue to "light up our lives."

Continue to lead by example!

All our love,

Mom and Dad

Gregory,  
We have never been more proud then  
the day that you were born.  
Today we feel proud to see you as a man  
and for all your accomplishments.

I am very proud of  
you.

Congratulations  
Love  
Nonna

Greg,  
Congratulations! Good luck with  
everything you do in the future. I  
know you will be good at anything  
you try because you have always  
been good at the things you've done  
in the past.

Love  
Lisa

Margot,

It seems like only yesterday that  
you were starting school--how fast  
the years have gone. You have done  
so much in such a short amount of  
time--just imagine what you will  
accomplish in years to come. Your  
family is so proud of you.

Don't lose sight of what's impor-  
tant, don't settle, and be happy.  
Congratulations to my best girl and  
remember "you light up my life."

All my love,  
Mom

Congratulations Mike  
We're so proud of you!

Love,  
Mom, Sharon, Jean, Tony  
& Lisa

Amy Silvia  
Where have the years gone?

Congratulations on all your achievements, Graduate!  
We're proud of you.

Good health, love, and happiness for the future.  
May you always find time to smell the flowers.

Love,  
Mom and Dan

To the young men who began their  
great years at St. Mike's on the 2nd  
floor of Joyce Hall, our best for  
health, happiness.  
Schnackie and the Snyders!

Dear Leslie,  
We are so proud of all your accomplish-  
ments during college. You worked very hard  
and we pray that your life will be filled with  
happiness and good health and much love.  
We are very blessed to have you as our  
daughter.

Much love,  
Mom and Dad

Number four of the "Four Z's". Your superb  
achievement completes eleven contiguous "Z"  
years at St. Mike's. Over these eleven years; four  
graduations from high school, four graduations  
from college, four "Z" cars and "one" semester in  
Australia. Anne, being exiled to a country halfway  
around the world with little food or water is a  
terrible burden to bear! The "Z's" have repeatedly  
commended your bravery and certainly appreciate  
the numerous sacrifices you have experienced as  
"Baby Z". It's un-thinkable, cruel and abusive  
punishment to be coerced into driving a mere  
Blazer as a college senior. No other "Z" in recent  
memory has undertaken such an awesome and  
lonesome responsibility. And, you and you alone  
had four years at St. Mike's without the luxury of a  
brother or sister watching over your every little  
bitty move. I am simply astonished and amazed  
that you have succeeded under these circumstances  
and therefore, I say to you without reservation:

Congratulations Anne, I am very proud of you!

Dad

Congratulations on your graduation, Amanda

May your future be as bright as your smiling face.

Love,  
Mom, Dad, and Danie

Lindsey it has been wonderful watching you grow from a cute, chubby baby boy who was always happy, good-natured and content into an intelligent, hardworking, responsible young man who is polite, thoughtful and kind-hearted. We are so very proud of you and feel so very fortunate to be blessed with a son like you.

We know your college years haven't always been easy for you. Working two part-time jobs while classes were in session, staying on the dean's list while pulling a double major, and working two full time jobs when no classes were being held. You've missed extra curricula activities, weekends, holiday gatherings and family vacations because of your job commitments. Your goal was to start off your new life with no college loans to repay, so you willingly sacrificed your free time to be debt free when you graduated. And you have achieved that!! College all paid for and two bachelor degrees earned. We couldn't be more proud of all your dedication, hard work and accomplishments.

Along the way you have made some really, nice friends at school and at work. There's Christina, who has made you become aware that the world doesn't evolve solely around work and sports. She's shown you there are finer things in life to enjoy, like music, performing arts and relationships. She's always been so patient with all your work and shown concern for you and your safety all those late nights you've closed up the cinema and had to deposit the whole days earnings, by making you call her right before you left from work and again when you made it back to your room from work. She's quite a thoughtful and caring friend.

There's also Steve, who has the same obsessive love for sports and pre-game-playing jitters that you suffer from. I wonder if he'll ever recover from all your remarks about his dense waistline and not-so-dense hairline. It's a good thing he has a sweet daughter you've taken a liking to that makes time spent with him bearable. Right?

Then there's Judson, who thanks to you, has become a known student at the Ross Sports Center which is good since he never carries on him a student I.D.

And not to be forgotten, Mike, your all around, good time friend, who graduated last year and has been missed this year. The one you went to the Boston Celtics NBA game with. The one, like you, who didn't realize heading south from Boston wasn't the wrong direction to go, when wanting to go north like you guys intended to do.

Lindsey, where have all the years gone? From a toddler we never thought would part with his pacifier, get diaper trained or eat table food - to a collector of every toy advertised on Saturday morning tv - to a tee-ball player - to a State and National Tae Kwon Do champion - to a want-to-be NBA player. Then you went from wanting to own your own sports clothing store - to wanting to be a computer or history teacher - to being a business and accounting graduate.

Now that you have graduated and your new life may take you in many different directions, always know this, no matter where you are or what you are doing, our love will always be with you and we will always be there for you.

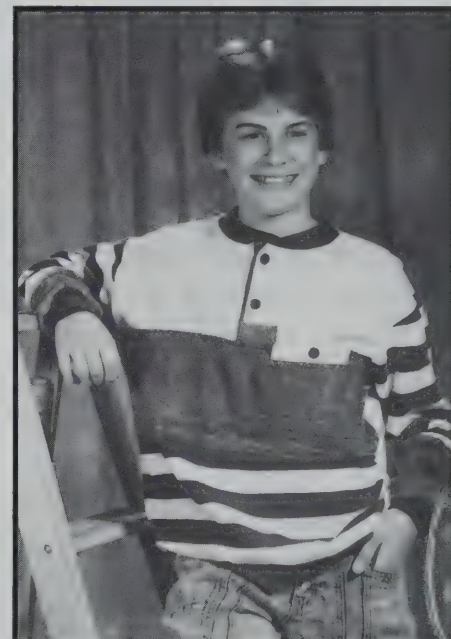

We have faith in you and know you will succeed. You have proven that you are an honest person that can be counted on. You have never let us down. You are all we ever dreamed and hoped you would be.

Lindsey, you are very special to us and we can only hope for as much love and happiness in your life as you have given to our lives.

Congratulations and Best Wishes to a happy, healthy and successful future. You deserve it!!

Take care, we love you.  
Mom & Dad

No matter how old you are and how big you get...never forget you're Dad's little man and Mom's precious little earthly angel.

Hey Kim Ross!  
From your first day at kindergarten,  
to your final day at St. Mike's,  
we have always been proud of you!  
Congratulations!

We Love You-

## FROM THE WONDER YEARS

Well sweetheart, you made it! You  
have accomplished more during the  
past four years than we could have  
imagined and we couldn't be more  
proud of you. This is an emotional  
time for us because we vividly  
remember the feeling of sadness we  
experienced when we left you at St.  
Michael's that first day. Sadness  
because we were leaving our baby at  
a place where we could no longer  
shelter and protect her. As parents  
we worried, offered the best advice  
we could and hoped that all would  
turn out well. Now our emotions have  
changed to those of satisfaction and  
pride as we see a mature, confident  
young woman emerge. No longer  
our baby, but an equal that we  
admire for her determination and  
dedication. Congratulations  
Christina, and remember we will  
always be there for you.

We Love You  
Mom & Dad

Brett,

*As I reflect on my college career, there are so many memories that come to mind. Through it all, there has been one consistent source of support and inspiration – our friendship. I've learned many "life lessons" in college - most of them the hard way. I can't imagine what I would've done in so many situations if I didn't have you to depend on for unfailing reassurance and guidance. You've gone above and beyond the call of friendship countless times for me. Every time that little black cloud appeared over my head, you were there, ready with an umbrella. You believed in me when I doubted myself and that means infinitely more to me than you'll ever know. You've been there to share in my triumphs and defeats and I can't express to you the kind of thanks I feel I owe you. We've been through so much together and I know the strength of our relationship will continue beyond graduation. I'm confident that I've found a lifelong friend in you – one of the most precious things I'm taking with me as I leave Saint Michael's.*

Love,

Allison

**Count on me through thick and thin,  
A friendship that will never end.  
When you are weak, I will be strong,  
Helping you to carry on.  
Call on me, I will be there, don't be afraid.  
Please believe me when I say...Count on me.**

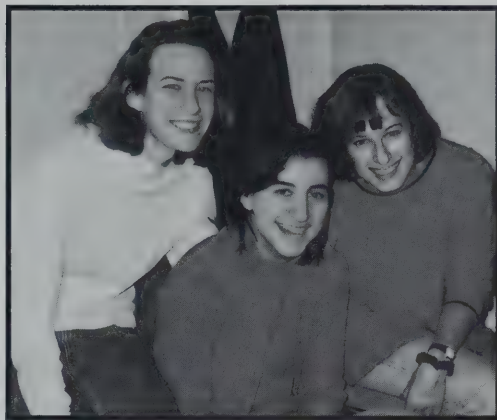

*Brandi & Andrea*

*Best Friends*

*1995-forever*

Thanks for all  
the memories!  
Good luck!  
*I love you all!*

"Come to the edge," he said.  
They said, "We are afraid."  
"Come to the edge," he said.  
They came.  
He pushed them  
And they flew.

*It's now our turn  
to fly!*

### **How will I ever survive without you?**

When I think of all of you, I remember that snowy night on the mountain, broken bones and hospital visits, break-ups and new beginnings, midnight birthday contests, snowball fights in Ryan, watching the sun rise after hours of talking, long bus rides, and supporting each other through losses and personal struggles. We've all grown and gone in different directions since that day we pulled out of Ryan Parking Lot together. The one thing we will always have, though, is our memories.

This yearbook is a chapter in our lives that we will reread over and over again. Do not be afraid to wear out the pages, but at the same time, continue to write additional chapters in your own lives. I only pray that the characters from this chapter will appear later in each of our books.

Thanks for the memories!

~Ames
